Delegation of tasks to each group member.

28/11/2017, 13.00 - 16.30, Lab 5

Present Members: All

Collation of the current parts of the project and discussion on the remaining functionality which needs to be added.

01/12/2017, 14.00 - 16.00, Lab 5

Present Members: All

Meetup involved the testing of the solution in the real-world environment, debugging was carried out to fix a few minor issues in the code. Cleanup of the code carried out to eliminate unnecessary variables and methods. Solution is now considered complete.
